## Huns Receive Heavy Sentence For War Crimes

Amiens.—A court-martial has sentenced the German officer Robert Roeding, administrator of mines at Karlsruhe, to ten years' imprisonment, fifteen years of exile, and a fine of ten million francs upon his conviction on a charge of organizing the pillage of factories in eastern France. It was testified at his trial that he collected machinery and other material from the factories and blew up in November, 1918. His brothers, Herman and Ludwig, were given similar sentences by default.

The Roeding brothers are known as German traitors. The president of the association, was at Reves as a member of the German mission, for which reason he was not arrested. The other brother, Ludwig, went to Versailles as a member of the peace delegation, and consequently was covered by diplomatic immunity.

### Erin Is a Paradise

Samuel McClure Says Ireland Is the Most Prosperous Country in the World

New York.—The Maurens, which left Cherbourg on December 10 and docked here Christmas Eve, despite exceptionally rough weather, made the run in less than seven days. There were more than 1,500 people on board. Christmas Eve was celebrated on board.

Samuel S. McClure, publisher, arrived on the Maurens after a three months' visit to Ireland, where he said he found a paradise.

"Ireland is the most prosperous, comfortable and law-abiding country in the world," said Mr. McClure. The people are well dressed. One has to read outside papers to find of trouble and unsettled conditions there. I found that Irish banks have deposits of more than £100,000,000, despite the fact that they have been forced to form alliances with English banks in order to find an outlet for their money.

There are 5,000,000 head of cattle in Ireland, or half as many as in Canada. Canada has exported as much wool to Great Britain since 1913 as either the Argentine or the United States.

Sir Henry Williams, the publisher, also arrived on the Maurens.

Self-Government Granted to India. London.—King George issued a proclamation announcing a new measure giving India a larger degree of self-government. The proclamation characterizes the government bill as a historic act giving representation long desired by the natives. It calls for the determination of the people and the officials to work together for the common purpose of making the new plan of government a success.

French President to Honor Cities. Paris.—President Poincaré will present the cross of Legion of Honor and the War Cross on December 28 to the cities of Lens, Bethune and Arras. On the next day he will present the War Cross to Baugema.

## U.S. Senate May Soon Reach An Agreement

Washington.—Although Republican and Democratic senators continued their conference on peace treaty reservations, there were no concrete results, and the leaders said they expected none for some days. There was a general feeling of confidence, however, that by the time the holiday recess ends, on January 5, the basis for an agreement will have been reached.

Drafts of proposed changes in the reservations framed by a seat majority at the last session, were taken over by Senator Lodge, the Republican leader, and Senator Len Root, of Wisconsin, the leader of the reservation group Republicans.

They said the conference was of a general nature, and that no final agreement on phrasing was in sight. It was emphasized in all quarters that the negotiations still were in an active stage. Virtually all that depends upon whether the allies will want to take chances of leaving those territories without protection.

### Confidence in French Government

Vote Carried Approval of Premier Clemenceau's Program

Paris.—The Chamber of Deputies voted confidence in the government, 458 to 71.

The vote, which carried approval of Premier Clemenceau's program, was taken after the chamber had listened to the Premier's declaration on the determination of the allies to crush Bolshevism, his confidence in the Anglo-Franco-American pact, his prediction of a solution of the Fiume problem, and his understanding with Premier Lloyd George of Great Britain.

In his speech to the chamber, Mr. Clemenceau told the chamber that Great Britain and President Wilson had offered military pacts. Certain points in the peace treaty had been questioned, but there were no objections to the military agreement.

The Premier added that the latest indications were that the Fiume situation would be solved, "and then only can we breathe freely."

Mr. Clemenceau appealed to the chamber to work hard and talk little. He said the cabinet at the end of the remaining weeks of tension of office would give its resignation to the president, and added: "It will not be an exit by one door to enter another."

### Farmers' Government For Dominion

Westminster Gazette Says Agrarian Control Is Possible in Next House

London.—The Westminster Gazette, discussing the Canadian tariff revision program, sees a probability agrarian control in the next House of Commons in which case the rule of the protected manufacturers as "parasites" from Saskatchewan, North-West, and Alberta, would be ended, and the fiscal policy of the Dominion cease to be framed in the interest of a class long dominant at Ottawa.

15,000 Escape Punishment. Ottawa.—The number of deserters under the Military Service Act who are still at large, and who will be set at liberty by the proclamation of amnesty for military offences, is estimated to be 15,000. The figures for the eastern military districts, which were the only ones available, are 12,308.

No figures are immediately available showing the number of deserters in prison at the present time.

Flavelle Gives Quarter Million. Toronto.—Sir Joseph Flavelle handed his cheque for \$250,000 to the president of the Toronto General Hospital as a contribution toward lifting the present debt of \$835,000 from that institution. Sir Joseph contributed \$100,000 some years ago.

Obstacle to Ratification. Commission Is Not Yet Prepared to Carry Out Terms of Treaty

Paris.—It was pointed out that a considerable obstacle to ratification of the Versailles peace treaty exists in the fact that the commission, headed by General Lerdon, is not yet ready to meet and prepare for carrying out the terms of the treaty. There has yet to be adjusted the matter of the transportation of allied troops to replace German forces in territory subject to transfer of allegiance in order to prevent trouble and preserve order.

Arrangements to this end, it is anticipated, will take some time, and the possibility of making the treaty ratification virtually at once depends upon whether the allies will want to take chances of leaving those territories without protection.

### World's Crops Show Big Shortage

Nearly Two Hundred Million Bushels of Wheat Below Last Year

Ottawa.—A calligram received from the international institute at Rome gives the following official crop report:

Total production of wheat in 1919 in Denmark, Spain, France, Great Britain, Italy, Netherlands, Rumania, Switzerland, Canada, United States, India, Japan, Algeria, and Tunis, 2,074,700 bushels, against 2,238,100,000 in the same countries in 1918, and 2,150,000,000 in their average annual production in the five years 1913-1917.

The production of rye in Denmark, Spain, France, Italy, Netherlands, Rumania, Switzerland, Canada, and the United States, 2,460,000,000 in 1918, and a five years' average of 150,500,000.

The production of barley in Denmark, Spain, France, Great Britain, Italy, the Netherlands, Rumania, Switzerland, Canada, United States, Japan, Algeria, and Tunis is 598,000,000 bushels, against 678,000,000 in 1918, and a five years' average of 602,000,000.

The production of oats in the same countries as for barley is 2,034,300,000 bushels, against 2,460,000,000 in 1918, and a five years' average of 2,238,000,000.

The production of potatoes in England and Wales, Scotland, Netherlands, Italy, Canada, Switzerland, and the United States is 792,638,000 bushels, against 800,000,000 in 1918, and a five years' average of 765,800,000.

The production of flax seed in Italy, Rumania, Canada, United States, India and Japan is 26,340,000 bushels, against 43,700,000 in 1918, and a five years' average of 43,500,000.

### Liquor Agents Active

Manitoba Towns Want to Open Places on the Saskatchewan Border

Winnipeg.—As a result of the rescinding of the local liquor license department are being besieged by persons desiring to know if the opening of liquor warehouses in the city and province is possible. Numerous requests from Saskatchewan towns have been received by the department desiring information regarding the permission of establishing liquor warehouses in many of the border towns for the purpose of catering toward the Saskatchewan trade.

Among the towns mentioned are: Reston, Virden, Rivers, Elkhorn, Russell, Bismarck and Dauphin.

According to J. N. Macdonald, liquor administrator, quoting from the Manitoba Temperance Act, as the opening of bonded export liquor warehouses must be confined to cities where requests must all meet with refusal.

### Reds Report Big Captures

Bolsheviks Claim Capture of Several Towns and Many Prisoners

London.—A communication received from the region of Baklanov, about 125 miles east of Yekaterinburg, says:

"After fierce fighting with the troops of Gen. Mamontov and Gen. Shkuro, our cavalry flung the enemy back to the south and the Reds occupied Sverdlovsk town. From November 20 to December 20 the Reds occupied 125,000 square versts of territory, together with Kiev, Kharkov, and captured 5,239 soldiers and officers."

On the Turkish front the Reds have occupied Balaklava, southeast of Krasnovodsk and captured 500 prisoners."

Fatal Railway Accident in France. Lille.—Fifteen persons were killed and 35 injured in a rear-end collision just outside Douai, eight hours' ride south of here, when a freight train crashed into a passenger train which was standing at the station.

The engineer of the freight train, said to have run by a stop signal, escaped unhurt, but blew out his brains with a revolver shot given by assistance to the injured passengers.

To Call Halt to White Terror. Berlin.—The Workers and Peasants' Councils have appealed from the board of directors of the German-Austrian Social Democratic party to the working classes of other countries, particularly those of the entire nation, to demand that they should put a halt to the white terror in Hungary.

Empress Seriously Ill. Geneva.—Former Empress Zita of Austria, is reported to be seriously ill with pneumonia at Prangins.

### Children's Festival Ends in Mad Riot

Thousands of Uninvited Guests Cause of Heart-rending scenes in New York Armories

New York.—Thousands of uninvited children, for whom no gifts were provided, crowded their way into the First Regiment Armories Tuesday night and threw New York's largest children's Christmas festival into a riot. During the height of the uproar fourteen thousand youngsters were in a mad scramble for their share of presents which were stacked up on tables for distribution to seven thousand needy kiddies, who had been invited.

Police reserves from precincts, aided by the army detail of soldiers, were unable to check the wild crowd. Several women fainted and scores of children, some of them on crutches, were bowled over as the youngsters rushed about the floor. No semblance of order was obtained until thousands of youngsters had been rushed into the streets, where, separated from their chaperons and mothers, many of them hungry and without gifts, tearfully clamored to be taken to their homes. Less than 50 per cent of them managed to get a gift package in the melee.

The trouble started when crowds made their appearance on the army floor. Children, who had been assigned to places in the building, rushed out to the floor in mass formation and crowded about the merry-makers to take advantage of the discarded gifts, themselves from gift table, and in a minute the rush was on.

Clemenceau present were literally swept off their feet, additional reserves were summoned and a bugle sounded the assembly call, bringing to the rescue the uniformed army detail. Children fought and scratched each other for the possession of dolls and other toys in the packages of presents. One freckled, red-faced youth, wearing an abbreviated army coat, was seen to carry away a doll under his arm.

Order was not restored until thousands of children had been driven into the streets. The juvenile festival was staged by the People's Liberty Chorus and the police department to provide entertainment and gifts for needy children.

### Yellow Fever Will Soon Be Wiped Out

Chairman of Commission Says the Disease Has Been Eradicated in Peru

New York.—Yellow fever will be wiped off the earth five weeks later, it was asserted by Dr. T. C. Lister, chairman of the yellow fever commission which went to Peru and Ecuador in 1918, upon his arrival here from Havana on the steamer Esperanza.

Already the disease has been eradicated from Central America, he said, although it still rages in S. Salvador, Mexico and a portion of Brazil. The committee started out the epidemic of the fever in Salvador, Honduras and Nicaragua, Dr. Lister said.

### Employment of Disabled Men

Application Is Made By G.W.V.A. for a Charter in Winnipeg

Winnipeg.—Announcement of the application of the Great War Veterans' Association for a charter incorporating the association in a venture to assist disabled men to the extent of \$500,000 was made by Lieut. Leo Warde, chairman of the legislative committee of the Great War Veterans' Association. Mr. Warde announced that the charter will permit rehabilitation and operation of a factory in Winnipeg for the employment of disabled men on woodwork and kindred trades.

Reforestation of Manitoba's wooded territory and a more progressive highway policy, are among the objects the association is setting out to bring about, Mr. Warde declared, when interviewed.

### Gratitude to Y.M.C.A.

London.—The Daily Telegraph, alluding to the huge deficit which the Young Men's Christian Association incurred in the war, says the nation must bear the brunt of the burden if the activities of the association are to be continued and expanded. As the first step, the deficit must be wiped out as an act of gratitude. There is plenty of money for extravagance, and the deficit in this case is that it will discharge a "debt of honor."

The planet Mars is nearer now to the earth than 36,000,000 miles.

## Veterans Are Making Good On the Land

### Admiral Sims Declines Honor

Discontent Showing in the U.S. Navy Over the Arrangement of Awards

Washington.—Rumblings of discontent within the navy and the way Secretary Daniels has arranged the awards of decorations of war service came to the surface when it became known that Admiral Sims, former commander of the American naval forces in European waters, had declined to accept the Distinguished Service Medal while the awards remain as at present.

Coming as the climax to published charges that Secretary Daniels had rearranged the whole list of awards, raising some officers to higher distinction than recommended and "blue pencilling" others, the publication of Admiral Sims' action created a new sensation in the navy department and added a new chapter to the long contest in which some naval officers have complained of the unfairness of the administration of affairs and others have defended him with equal vigor.

The Admiral does not ask that the higher awards be taken from any officer upon whom it already has been conferred, but he does ask for a revision of the award on lesser decorations.

### To Help Returned Men

Citizens' League of Winnipeg Asking Employers to Give Work to Veterans

Winnipeg.—The Citizens' League is out to help the war veterans to get the all the work there is available in the city. They have sent out 1,200 questionnaires to the employers asking the number of their employees, their classification and the total of returned soldiers now engaged. The future possibility of employment is solicited for the next four months, as well as the likelihood of preference being given to qualified veterans.

A reply is also requested from the firms as to whether they are willing to replace married women whose husbands are earning money, or independent single girls with good homes, by returned soldiers with dependents. The Army and Navy Veterans are also in the effort to get the returned men work and will start a personal canvass of business houses with this end in view, on January 5.

### Air Mail Service

Winnipeg.—Plans are being completed for an aerial mail service between Winnipeg and St. Paul in the summer of 1920. One of the stations will be Grand Forks, which is expected to be reached in 90 minutes when here. A Canadian charter has been obtained.

### Opposition to Irish Bill Is In Evidence

London.—The Daily Herald, Labor organ, quotes opinions on the government Home Rule plan. Arthur Griffith, founder of the Sinn Féin movement, and acting president of the Irish republicans, said "There is nothing for Irishmen to discuss. The Premier's proposals are not intended to be operative, but are made to affect and mislead opinion in the United States."

George Russell, the Irish poet, declared that the proposed bill was "a proposal calculated to produce reconciliation, and there is no reason why the Sinn Féin should cease working for the destruction of the British Empire. Under Lloyd George's proposals Great Britain would retain complete control of the money, the trade policy and economic development of Ireland, which means that Ireland would be given no self-government but serve as a vassal state."

William O'Brien, secretary of the Irish Labor party and trades union leader, said: "The House of Commons is worthy of serious consideration. It is a platform for export only."

### Alberta Cities Want Complete Local Autonomy

Mayors of Four Principal Towns Meet to Draw Up Home Rule Bill

Calgary.—Mayors of Alberta's four principal cities are in conference here for the purpose of formulating a home rule bill for cities, to be presented at next session of the provincial assembly. The proposed bill will ask for complete local autonomy for cities in all matters of local interest, including money matters and certain branches of taxation.

The conference is attended by the following: R. C. Marshall, mayor of Calgary, chairman; Aldermen H. H. Adams, of Calgary; Mayor John Clarke and Aldermen J. E. East, Edmond; Mayor M. A. Brown, of Lethbridge; Mayor W. Huckle, of Medicine Hat; Mayor W. D. Hardie and Commissioner Greenough, Lethbridge; Mayor J. E. East, of Calgary, acting in an advisory capacity.

Ottawa.—H. Maher, secretary of the soldier settlement board, has returned from a tour of inspection of the board's organization in the West. He stated that the qualification committee are dealing with hundreds of applications from returned soldiers that the board will settle as many on the land next year as during the past season, when over 35,000 ex-servicemen were passed and nearly twenty thousand were granted loans amounting to \$53,000,000.

The applicants were for the most part of a good type and likely to make good on the land, said Mr. Maher. He was greatly impressed with the character of the settlers already on the land.

Many of them had already shown that they will make good; in fact, in one province a considerable number had done so well during the past year that they had been able to pay off the whole of their indebtedness to the board. Of course, there had been a few partial failures, owing to the drought in the country conditions, even in the districts affected by the drought the spirit of the settlers was excellent, and they are facing the future with high hopes.

Arrangements were made by Mr. Maher with the local authorities of the expected increase in the applications and the organization was strengthened wherever necessary.

### Destructive Fire At Moncton, N. B.

Tramway, Electric and Gas Co's. Car Barn and Machine Shop Destroyed

Moncton.—One man lost his life, property to the amount of forty-five thousand dollars was destroyed, and the chairman to the car barn, belonging to the electric and gas company, was burned down at Moncton, New Brunswick, at midnight between three and four o'clock Christmas morning.

Great tools, about 40 years of age, during the fire received injuries from which he died about ten hours later in the city hospital. Tools, who was the chairman to the car barn, belongs to Calhoun, N.B., where he had a wife and three children living.

### Strike Continues

Madrid.—Dispatches received here from Vigo announce that the general strike continues. Bombs were exploded in two factories at midnight, causing extensive damage. There were no victims, however.

### No Temperance Policy Announced

Toronto.—No announcement of the Drury government's temperance policy will be made for a while, according to an announcement made here.

Mrs. Art Whitney from the Bow River Cowcamp was a visitor to Bow Island last Thursday returning as far as the Home Ranch that same day.

A lone wild goose has been visiting the slough in the farm yard of Mr. Chas. Thompson and has already shown little sign of fear, we wonder what change of the weather his appearance predicts.

The weather prophets who predict of 100 below, surely missed their guess on the 17th. If we may put any faith in such predictions we consider the Indians in this province should have as much idea of the future, being natural born observers of Nature and her laws. The wandering creature, a few of their tribe camping on the outskirts of Medicine Hat, proclaimed only last week that this immediate district would enjoy a early spring and a bumper season so we hope so anyway.

## Police News

From our own Correspondent

Constable Bradner in company with Detective Cleaver on the 22 December under authority of search warrants obtained under the Inland Revenue Act for alleged stills south of Bow Island and also at Charles E. Peterson's place made for alleged illicit stills at several farms south of Bow Island since farms in all being searched for stills but no stills were found, but at several places south of Bow Island raisin and other berry wine was found but no action was taken in any case where wine was found. On search being made at C.E. Peterson's premises two large earthenware crocks were found back of the kitchen range full of mash suitable for manufacture of spirits. Peterson said when questioned by the police as to contents of the two crocks that it was pig feed the police on examining the mash found that it was composed of fruit, evidently peaches also corn meal, barley, rye and sugar. The accused when questioned further said the mash was for the purpose of manufacturing spirits, he also admitted to the police that he had a still but could not or would not tell where it was located he said he had no crops for two years and had to do something to keep his family. Constable Bradner released the accused on promising to appear at Bow Island at 10 a.m. on the 23rd, before Peter LaMarsh and S.J. Layton J.P. The charge was read over to accused for having in his possession a mash suitable for the manufacture of spirits without first having obtained a license. Contrary to the Inland Revenue Act, the accused was represented by F.O. McKenna accused pleaded not guilty a remand was asked by Constable Bradner for 8 days to send samples of the mash to Edmonton for analysis a remand was granted, later the accused after considering the matter withdrew his plea of not guilty and pleaded guilty to the other charge, accused was fined \$100.00 costs. He was given two months hard labour the fine was paid.

C. E. Peterson was arrested at conclusion of the other case by Constable Bradner for having a quantity of intoxicating liquor in a private dwelling house in excess of one quart contrary to the Alberta Liquor Act as in the first case the accused pleaded not guilty but later withdrew his plea of not guilty and pleaded guilty he was fined \$10.00 costs.

## Christmas Tree at Burdett a great Success

The Xmas tree and entertainment was quite a success at the Sampson Schoolhouse, much praise must be given to the teacher Miss Ryan, she had the children trained perfectly and each one went through their respective parts without a hitch. The Dialogues were good especially the one "Counting the Bells" Miss Ryan and Miss Valma Sevahud being Aunt Miranda and Mrs. Brown, of course the male will be nameless. Edmund Sevahud gave a splendid violin solo which was much appreciated.

The big sisters and brothers singing class was good, but we were surprised to see a nigger in it, it must have been Bert Sampson's chore boy, good recitations were given by Miss Ryan, Miss Hill and Mr. M. Brown; Mr. Brown is like Harry Lauder he is always praising the ladies, bless their hearts. Mr. F. Bertram gave some fine Bag-pipe music, accompanied by Mrs. Arbutnottt we should have liked to hear a little more of it.

Mrs. Arbutnottt gave two comic songs, she was certainly at her best in "Mrs. Tootle the musician's wife; not forgetting Mr. Henningardes part of the programme he made quite a good stage manager.
